FINN ASKS HOW SUPREME COURT IS TO LINE UP

Attorney General Asks for Order Determining Membership in High Tribunal

SPECIAL COMMISSION FITS TO DETERMINE PROCEEDING

District Judges Nussle, Hanley and Pollock Piece Out Bench for Occasion

To determine whether the supreme court of North Dakota, after Monday shall consist of Chief Justice Fisk and Associate Justices Bruce, Christianson, Burke and Goss, or whether the personnel shall be Chief Justice Fisk and Associate Justices Birdsell, Robinson, Grace and Christianson, Attorney General Linde on behalf of the people this afternoon made formal application for an order calling upon the justices-elect to appear in supreme court and show cause why they should take office December 4, as they proclaimed their intention of doing.

The application was heard by a special supreme court commission consisting of Associate Justices Christianson and Bruce and District Judges Hanley, Nussle and Pollock. At present time it had not been determined whether the order would issue. If an order is issued, Robinson, Grace and Birdsell, against whom it will be directed, will be required to appear before the special supreme court and maintain their stand that the constitution requires that justices shall serve from the first Monday in December following their election.

Attorney General Linde freely volunteered all information in his possession. He is not, the attorney general stated, acting for either faction in the present controversy, but is taking steps to insure North Dakota a legally constituted court for the month of December. Whether that court shall have as its members, Grace, Robinson and Birdsell or Fisk, Burke and Goss remains for the supreme court to decide.

WOMAN TELLS WHY SHE SHOT

"He Called Me a Red-Tight Woman," Miss Edythe Colby Told Jury in Trial This Afternoon

WITH THAT STATEMENT SHE BURST INTO SOBS

Thompson Falls, Mont., Dec. 2. "He called me a red-light woman." This was the reason given by Miss Edythe Colby this afternoon to the jury why she shot and killed Republican County Chairman Thomas last September. Then she burst into sobs.

Testimony that Miss Edythe Colby, a newspaper reporter on trial here for murder for killing A. C. Thomas, a prominent politician, last September, attempted to have Thomas arrested for insulting her, and further testimony to establish that Miss Colby was of unsound mind was introduced by the defense today.

The testimony that Miss Colby had sought Thomas' arrest was given by William Strom, clerk of the court here at the last witness of the day.

The nearly fainting in chair, "Miss Colby dropped into my office before the shooting," Strom said, "and nearly fainted in a chair. She wanted to see Wade Parks, the prosecuting attorney, and told me that she had many troubles."

The next morning, Strom said, about half an hour before Miss Colby shot Thomas, she called "Prosecutor Parks on the telephone. Strom answered the telephone and told her that Parks was out of town. Strom said that he had conversed with Parks about the possibility that Miss Colby was a detective.

NATCO TILE IN DEMAND

Elliott of Dickinson Returns From Pittsburgh With Preliminary Order for 400 Carloads.

(Special to The Tribune.) Dickinson, N. D., Dec. 2. W. J. Elliott, manager of the North Dakota Pressed Brick company closed a deal this week with the National Fire Proofing company of Pittsburgh for 400 carloads of building tile to be delivered at various points in the United States within the next eight months. This is believed to be just a preliminary order which will be followed by a standing arrangement.

The high quality of the Dickinson tile and brick has focused the attention of the building world upon this state.

Safety First Plea Goes to Speed Friends

Northern Pacific Circulars To Be Mailed to 60,000 Automobile Owners

997 PROPERLY KILLED ON CROSSINGS IN 1915

Railroad Company Emphasizes Necessity of Care on Part of Motorists

A safety first plea will accompany North Dakota license tags to each of the state's 60,000 automobile owners in 1916.

"A Word of Caution to Motorists," is the title of a particularly timely circular just issued by the Northern Pacific bureau of efficiency. The warning sinks home, in view of a series of disastrous automobile-train collisions within the past six weeks.

The circular advises caution in approaching grade crossings, and calls attention to the fact that in 1914, 1,147 persons were killed and 2,935 injured at grade crossings. In 1915, 997 persons lost their lives and 2,898 were injured. "The reduction in casualties in 1915, as compared with the previous year, is due to warning notices posted by railroad companies and automobile clubs," says the Northern Pacific.

"Trains have no choice of routes," reads the circular. "They must run on the rails, and their patrons require that they be on time if possible. Motor car drivers can choose their own routes, and the occupants of machines usually are not pressed for time."

Speed of Cars or Trains An interesting table showing the speed of trains or cars moving from five miles an hour to 100 miles, as counted in seconds, is a feature of the circular. It shows that a train or car moving five miles an hour travels 7.2 feet per second; at 30 miles an hour, 44 feet per second, and at 100 miles the hour, 150 feet per second.

Trains moving 25 to 40 miles an hour can under ordinary conditions stop within 1,200 feet, while motor cars running at the same speed can be stopped in about thirty feet. The train often weighs as much as 2,000 tons, while the automobile's weight rarely exceeds two tons.

To Enclose Circulars North Dakota license tags are wrapped and sealed at the factory. "M. Motcalfe, first vice president and special representative of the Northern Pacific, asks that one of these circulars be enclosed with each tag, and this will be done if arrangements can be made with the manufacturer. If not, they will be inserted here.

COURIER-NEWS SOLD AGAIN

Marsh & Fintress Believed to Have Cleaned Up \$10,000 More Than Price Paid a Month Ago.

(Special to The Tribune.) Fargo, N. D., Dec. 2. A. West, ernhagen, former business manager of the Courier-News, and Dr. L. T. Guild, former managing editor, today filed suit against the company for the sum of \$37,000, which they allege is due them. The preliminary foreclosure is against The Courier-News company and Marsh & Fintress, the late owners. The papers were served this afternoon under the terms of the mortgage.

(Special to The Tribune.) Fargo, N. D., Dec. 2. Details of the Non-partisan league's purchase of The Courier-News, which was officially announced yesterday afternoon, have not definitely been made public. It is understood, however, that Marsh & Fintress, who purchased the plant just three weeks ago from Dr. L. T. Guild, cleaned up \$10,000 over the price they paid Guild. According to an announcement made this morning by Marsh, the plant was sold through four Non-partisans would publish a paper.

The new owners have declared for a straight newspaper proposition not given over to the furtherance of political propaganda.

Herbert Gaston, editor of the Non-partisan Ledger, will edit The Courier-News. There will be no change in the name.

The paper will continue on its present schedule, publishing six days in the week.

AVENUES OF RETREAT FOR VILLA CUT OFF

Carranza Forces Relieve That They Will Be Able To Trap Bandit Chief

WASHINGTON CONSIDERS AN EMPARGO ON ARMS

New Constitution Outlined to Mexico's First Liberal Congress

El Paso, Texas, Dec. 2. The situation of the Carranza government in northern Mexico is desperate, following the capture of Chihuahua City by Villa.

"If he does," said General Gonzales, "we will be able to bring up from three sides heavy forces and crush the bandit army."

Indications are that Villa is preparing to move. All channels of escape are reported cut off by Carranza troops.

At Queretaro, Carranza outlined to 232 delegates to Mexico's first liberal congress, the terms of Mexico's new constitution. The proposed constitution adheres closely to the famous Declaration of Juarez.

Villa bandits were reported loading two trains with loot from the stores and private residences of Chihuahua City and preparing to follow these trains west on the Mexican North-western railroad, according to a message received at military headquarters tonight from General Ozuena's scouts at Sauz.

General Ozuena's cavalry column was at Culiacan, the first station south of the state capital, the report said. The scouts obtained their information from refugees reaching Culiacan and Sauz from Chihuahua City.

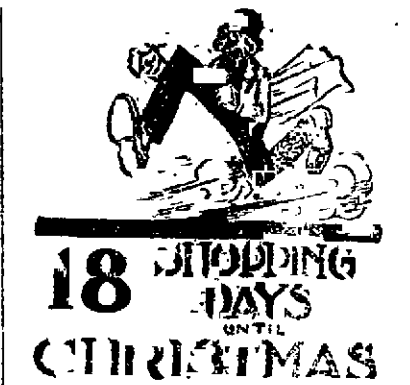

This news was taken at headquarters to indicate the intention of Villa to evacuate the city after looting it, as he did at Parral, Santa Rosalia and Jimenez.

General Trevino was said by General Gonzales to have been in Morasitas yesterday awaiting the arrival of General Francisco Murguía's forces from the direction of Camargo, south of Chihuahua City.

Villa made a speech against foreigners in Hidalgo plaza, following his occupation of the city, a Chinese farmer and merchant who left Chihuahua City Wednesday morning, said upon his arrival here today on a troop train.

DIVERSION OF INSURANCE FUND TO BE OPPOSED

Friends of Volunteer Fire Department Claim It Would Cripple Service

COMPANIES RELIEVE THEY SHOULD HAVE PROTECTION

Volunteer firemen of North Dakota are preparing to fight an effort which it is rumored will be made in the Fifteenth legislative assembly to divert to the general fund of the state the two per cent premium upon fire insurance policies which heretofore has gone to the support of the fire departments.

In 1915 there was derived from this source \$27,162.11, which was distributed among the organized fire departments in the territories originating the business. In many instances, this fund is the sole support of small, volunteer fire departments. Ordinarily these small departments are located in "rural" towns most liable to contribute liberally to the support of an organized fire department. The firemen contend that if this important source of support is cut off, many of these towns will be deprived entirely of the protection of an organized department and will be left at the mercy of the flames.

Rumors Living Fanned Those who favor diverting the premium revenue to the general fund of the state argue that the money distributed to the fire departments is used up in riotous living. The firemen strenuously deny this allegation, and assert that in most instances these funds are applied to the purchase of equipment, and that in some cases it has afforded the sole means of procuring fire-fighting apparatus.

In Marmarth, for instance, a town of about 500, not a penny of this premium fund has been touched for years. Now that Marmarth has extended its water mains, the department expects to apply the fund to the purchase of a motor truck, placing Marmarth in the same class with Fargo, Grand Forks, Minot and Bismarck, so far as ability to combat fires in a modern manner is concerned.

The village of Sanborn has bought every bit of its fire-fighting apparatus. It possesses through the medium of this two per cent premium tax.

Fire insurance companies operating in North Dakota object to the diversion of the fund on the grounds that they are paying the tax of two per cent upon every premium written for protection, a sort of insurance of their own intended to make their chances (Continued on page 4.)

GRACE GAINS TIME THROUGH AN ARMISTICE

King Constantine Signs Documents to Ease Pressure Caused by Allies' Demands

FOUR MOUNTAIN BATTLES DELIVERED TO ALLIES

Situation in Hellenic Kingdom Growing More Critical Daily

London, Dec. 2.—An armistice has been effected between the forces of the Entente powers and the Greek forces at Athens. A Ruter dispatch says that King Constantine has agreed to deliver over six mountain batteries to the Allies.

Land Troops. Admiral Du Fournel, commander of the Entente fleet in the Mediterranean, is reported to have landed troops at Piraeus, the port of Athens. Aside from a report that Greek troops are being sent toward Athens from the north of Greece, there are no indications as to what measures the Greek government has taken to comply with or oppose Admiral Du Fournel's demands for the turning over of Greece's guns and ammunition.

The Evening Star has an Athens dispatch, filed at 7:45 o'clock Friday evening, stating that the armistice between Greece and the allied troops has failed and that the battle on the hills south of Athens was renewed with an artillery attack by the Franco-British forces.

AUTO THIEF ARRESTED IN JAMESTOWN AFTER SHOTS ARE EXCHANGED

John Murray Accompanied by His Wife Apprehended She Makes Getaway

(Special to The Tribune.) Jamestown, N. D., Dec. 2. John Murray, claiming St. Paul, Minn., as his home, was arrested here last night, charged with the theft of an auto in Minneapolis. Recently, Murray was arrested after a desperate fight with officers, several shots being fired by the latter.

He was accompanied by his wife, formerly a Jamestown girl. When her husband was apprehended, Mrs. Murray made her getaway to St. Paul. Two tickets to St. Paul were found on Murray. He claimed he intended to leave at once for that city with his wife. An unopened box of 32 shells was also found on his person, but he had disposed of his revolver when pursued by the officers.

Detective from the Twin Cities are expected today to identify the man and take him back.

"BONE" DRY SOON. Salem, Ore., Dec. 2. Oregon will not go "bone" dry until after the legislature meets to pass legislation covering the amendment adopted at the recent election. Limited quantities can be shipped in now.

Stork Halts Penitentiary Commitment

THAT EXPLAINS WHY JUDGE AMIDON DELAYS SENTENCE

Federal Court Judge Announces That Sentence Will Be Passed on December 22

(Special to The Tribune.) Fargo, N. D., Dec. 2. That the hand which once juggled the funds of the patrons might help in piloting the journey of the stork to safety and grasp the hand of the mother was learned today as the reason for the delay in Judge Charles F. Amidon of the federal court here, in not passing sentence on William F. Kittel, former cashier of the First National bank at Casselton, which failed just a year ago.

Brother on Way to Leavenworth. While the stork was hovering over the residence of W. F. Kittel in Casselton, it probably passed in its flight the train bearing the brother defendant, Richard C. Kittel, who was sentenced (this week to serve seven and one-half years in the federal prison at Leavenworth.

In the little home which will soon be fatherless this coming Christmas, probably for the first time a child was born yesterday. The child is that of William F. Kittel, who doubtless will be on his way to the same prison as his brother defendant before this glad Yuletide. Judge Charles F. Amidon announced today that sentence would be passed on December 22.

Explains Court's Delay. This pathetic feature of the former banker's case was brought to light this morning in explanation of the court's delay in sentencing the younger brother. The people of Fargo and the people of the northwest wondered the reason why. In Casselton it was whispered from mouth to mouth that the stork was hovering near.

The little child may not know the father for five or seven years. Just how long she will be without her "daddy" depends upon the judge. But the father will carry on his trip a vivid picture of his child. It will last until the father is discharged or until the little child is old enough to visit the prison.

May Go Into Bankruptcy. The Kittel brothers, it was announced today, shortly will go into bankruptcy, papers to this effect having been prepared.

WOULD ALLOW TRADE TRUSTS IN EXPORTS

Washington, Dec. 2. Legislation to permit exporters to combine to obtain export trade is urgently recommended by the Federal Trade commission in an exhaustive annual report of the federal trade situation. The report says this would greatly benefit manufacturers. Investigation covering months carried on by the aid of United States consuls was world wide in its scope. Other nations have marked advantage in foreign trade and superior facilities, owing to effective organizations.

Legal restrictions prevent Americans from developing an equally effective organization for overseas business. The trade of American manufacturers and producers suffer.

NO HOOF AND MOUTH DISEASE CHIEF OF BUREAU WIRES CREWE

There is no hoof and mouth disease epidemic, A. D. Melvin, chief of the bureau of animal husbandry, wires Dr. W. F. Crewe from Washington, D. C. The secretary of the North Dakota live stock sanitary board today received the following message from Melvin:

"Present indications are strong that the disease is infectious stomatitis of horses, which has extended to cattle, and not foot and mouth disease. The department has issued no quarantine, although local authorities have quarantined locally. The department probably will issue an announcement tomorrow."

None in North Dakota. "There has been no outbreak of the epidemic in North Dakota to date," said Dr. Crewe this afternoon. "Cases have been reported near Pierre. In range stock stomatitis is hard to handle, but it yields to treatment, and is not dangerous."

MAY LOCATE IN BISMARCK. H. B. Thyson, formerly in the banking business at Kintyre, N. D., who recently disposed of his interests in that village, is pending the week in Bismarck "looking around." Thyson stated Wednesday evening that he is looking with favor upon Bismarck as a point at which to locate.

TOYON GEORGE PACKING UP TO LEAVE OFFICE

Evening News of London Prints Startling Rumors of General Shake-up

RUMANIAN LINE BROKEN SOUTH OF PIETRI

Defenders of Bucharest Are Fighting Slowly Given Back by Teutonic Pressure

TODAY'S WAR MOVES. IN RUMANIA. Petrograd claims the repulse of the Teuton army advancing toward Bucharest from the south. It is admitted that the defenders to the west of the capital have been forced back to the Argos river. Berlin reports continued advance on all sides with a big battle progressing south of Bucharest. The rout of the first Rumanian army is claimed, with big losses in prisoners and supplies. Along the front of the Russian offensive in Transylvania, the Teutons report progress. On this same front Vienna reports a bloody fighting and the repulse of the enemy in Coburg. Petrograd claims the capture of the western part of the Cernavoda bridge and the forcing back of the Teutonic lines elsewhere along this front.

IN WEST. The British and French front in the west without incident of importance. General Halg reported only minor trench raids and artillery fighting.

MACEDONIAN FRONT. Paris recounted Serbian repulse of violent enemy attacks. Berlin claimed attempted advance by allied forces under General Sarrahl without success.

GREECE. Contradictory dispatches as to whether Greece has acquiesced in Allies' demands for surrender of arms. London special dispatch states an acquiescence has been declared, whereby Greece partially agreed to the disarmament and another that the armistice terminated and violent fighting was in progress about the city.

London, Dec. 2. The London Evening News prints that Lloyd George, war secretary, is packing up his belongings, preparatory to leaving office. Several of the London newspapers assert that the coalition cabinet faces a crisis and likely dissolution. The newspapers say that the cabinet is too cumbersome to expedite plans for the conduct of the war. Only recently these same newspapers opposed Asquith.

Berlin dispatches state that the fighting between the Teutonic and the Russian and Rumanian forces in the Carpathians along the Transylvania line is still progressing with heavy enemy losses. On Mackensen's front a big battle developed.

Line is Broken. The first Rumanian line south of Pietri was broken through and defeated. Since yesterday the Germans took 51 officers and 6,115 men prisoners of all ranks. Forty-nine cannon and 100 ammunition carts and 100 military vehicles were captured.

Petrograd Admits Defeat. Petrograd dispatches admitted that the Rumanians defending Bucharest were pushed back, after persistent attacks, to the River Arges. In the Dobruja region the enemy was compelled to retire to a second line. On the west front the "ars only" artillery does. The Teutons exploded several Italian ammunition depots in the vicinity of Toul.

The Entente allied troops advance near Mostar, was repulsed today. The strong Dobruja attacks also failed.

Petrograd, Dec. 2. Violent combats are marking the progress of the Russian offensive in the wooded Carpathians and along the Transylvania frontier. The battle for domination of the Kitchik heights is continuing.

WELSH MINERS GET INCREASE. London, Dec. 2. The government has granted the demands of the South Wales miners for a 15 per cent increase in wages. The mines are controlled by a government commission.

GERMAN PAPERS ARE JUDICIAL

London, Dec. 2. The changes in the British admiralty have been greeted with jubilation by the German newspapers, according to an Amsterdam dispatch to Reuters. The Cologne Lokal Anzeiger declares that Admiral Jellicoe's removal from the fleet is degradation for losing the battle of Jutland, that the inefficiency of the fleet is shown by the fact that German ships attacked the east coast of England and never saw anything of British ships.

League Will Go Through With Project for State Owned Packing Plant

The Non-partisan league does not stand sponsor for the Equity Co-operative Packing plant to be located in Fargo. In fact, the official organ of the league, the Leader, in this week's issue, indicates that the league is very much opposed to the Equity plant or any other which conflicts with the league's program for a state-owned and operated plant.

Otto O. Hoffman, a Cooperstown member of the Non-partisan league, writes the Leader as the official organ of the league, stating: "We have in our community a party (said to be from Fargo) selling shares in a packing plant which is to be located in or near Fargo, the city having donated a tract of 200 acres for the location. What I would like to ask is this, do you sanction the movement or oppose it? As I understand it, the league stands, or has stood, for state ownership of terminal elevators, packing plants, flour mills, etc., ever since its organization. And as a large majority of the league members in this community are taking stock in this packing plant, it seems to me they are working against their own interest in case the league program is carried through in regard to state-owned packing plants."

In reply to the member's query, the Non-partisan league, through its official organ, the Leader, says: "You ask 'whether the league sanctions any movements on at present for a packing plant other than a state-owned one. The leader has nothing to do with any such plan. It stands firmly on the proposition for a state-owned plant, the plan the overwhelming majority of the people of the state have approved, and the leader believes that only through the building of a state-owned plant and the solid support of the farmers for it can the evils growing out of the packing combine be met successfully. We have not discussed the matter of packing plants before because we could not know until after election whether the people wanted the league program carried out or not. If the North Dakota people wanted the league program carried out they would elect men pledged to carry it out. North Dakota by the most decisive majority in the history of the state elected the men pledged to carry out their program. The men elected are not political fakery. The state will, therefore, have a state-owned packing plant."

Solicitors Misrepresent.
The Leader has information that solicitors selling packing plant stock have intimated that the league is not going through with its plan for a state-owned plant, and that the people must build a plant by private subscription; that with the plan they will build, the people will not need a state-owned plant.

Must Comply With Farmers' Organization
The Leader takes this opportunity to say, "reads the statement, 'that if any such statements have been made, they are false and calculated to disrupt the Non-partisan league.' The Leader and the leaders of the league are going through with the league program from top to bottom, because they believe in the program and because they have no other course. It is the mandate of 40,000 members of the league and of the people of the state as a whole that the entire league program be carried through. Any other course would disrupt the league."

No Other Plant Will Do.
No kind of a packing plant except one owned by the state will successfully solve present North Dakota problems growing out of the packing house combine. Do not be misled by any statements to the contrary.

The Leader cautions the farmers against dividing on the packing plant proposition, as the "quickest and surest way to kill the league."

What the Equity Says.
The Equity Co-operative Packing company announces from Fargo that it will begin building operations this winter. "Stock sales," reads a statement issued by a representative of the company, "have exceeded the most sanguine hopes of the men who have been active in boosting for a North Dakota packing plant, and the decision to begin building operations this winter was in response to the demand of the farmers that the plant be built and equipped as quickly as possible. Farmers of every section have shown a tremendous interest in the enterprise. Already nearly \$100,000 in stock has been subscribed, and

HOW GOOD THAT MUSTEROL FEELS!
It Gets to That Sore Spot Like Magic

A-a-h! That's delicious relief for those sore muscles, those stiff joints, that lame back.

Musterole is a clean, white ointment, made with the oil of mustard and other home remedies.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub Musterole on the spot where the pain is, rub it in briskly and usually the pain is gone.

No muss, no bother. Just comforting, soothing relief. First a gentle glow, then a delightful sense of coolness. And best of all, no blisters like the old-fashioned mustard plaster used to make.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet and colds of the chest (it often prevents pneumonia).

carried for years, and under which he has sold hundreds of thousands of acres of North Dakota soil.

And, at that, the major hasn't put any old line real estate agents out of business. Some of the most successful dealers in farm lands in North Dakota are located at Garrison, Underwood, Napoleon and other exclusively Soo Line towns.

Indux Predicted
The league exchange predicts a great influx of land-seekers to North Dakota. It says in its recent announcement: "North Dakota has received more national advertising during the past year than any state in the union because of the Farmers' Non-partisan league and its activity. Millions of farmers outside the state have their eyes on North Dakota. When the farmers secure complete control of North Dakota, and with the carrying out of the farmers' legislative program, the passing of laws making farming more attractive in North Dakota; the establishment of North Dakota markets for North Dakota products; the giving of state hail insurance to the farmers; the exemption of farm improvements from taxation; the establishment of just grades and dockage of grain, will bring thousands upon thousands of farmer seekers into North Dakota."

Farmer Legislation
North Dakota is due for a great immigration movement. Less than forty per cent of the state's 45,000,000 arable acres are under cultivation; not over sixty per cent of this area is included in farms. In 1915 North Dakota led all other agricultural states in farm production per farm capital, \$632, as shown by the Nebraska state board of agriculture; and in farm production per capita for all the people of the state, \$350. "Nowhere in America are better lands to be found at a price so low. The best land in the state sells around \$90; there are still hundreds of thousands of acres of raw prairie to be had for \$17 to \$20, and cultivated, improved lands at \$20 to \$50. Western North Dakota, in which the bulk of this land is located, has grown since North Dakota became a state, in 1889, from a frontier country of 31,400 people, to a great, prosperous commonwealth of 218,513 people.

RAIL-BUILDING ROMANCE CULMINATES IN WEDDING

A romance which had its beginning in the camp of the Burleigh county road-grading crew early last summer culminated happily in Judge H. C. Bradley's court Wednesday afternoon, when Lewis LaLene of Bismarck, and Miss Emma Novak of Wing, were united in marriage.

The groom was employed during the season on one of the large county tractors. The bride, with her sister,

Miss Mary Novak, was engaged in the commissary department. Lewis and Emma lost very little time in falling in love. Both were shy, however, and Dan Cupid was not given a fair chance to score until J. W. Friddle, in charge of the road-work for the county, intervened. A Sunday drive to the Hay-Stack buttes, arranged by Friddle, jettied out an engagement ring, and from that day until the close of the road-building work, the romance was one of the pleasant features of camp life.

Wednesday when Mr. LaLene and Miss Novak sealed their vows in wedding, quite properly Mr. and Mrs. Friddle "stood up" with them. The happy pair will make their home in Bismarck.

Brother Injured
It had been planned that the bride and groom would be attended by Joseph and Mary Novak of Wing, brother and sister of the bride. While driving in to the station to entrain for Bismarck on Tuesday, Joe Novak tried a short sprint behind the buggy as a means of warming up, and in climbing back into the rig, a wheel passed over one of his feet. The young man came on to Bismarck for the wedding, but the injured foot pained him so that he was compelled

to return home with Miss Mary Novak on Wednesday morning.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Crisis Pending In British Cabinet

FINN ASKS HOW SUPREME COURT IS TO PUT UP

Attorney General Asks for Order Restraining Membership in High Tribunal
SPECIAL COMMISSION SETS TO DETERMINE PROCEEDURE
District Judge Nuessle, Hanley and Pollock Piece Out Bench for Occasion

To determine whether the supreme court of North Dakota, after Monday shall consist of Chief Justice Fisk and Associate Justices Bruce, Christianson, Burke and Goss, or whether the personnel shall be Chief Justice Bruce and Associate Justices Birdzell, Robinson, Grace and Christianson, Attorney General Linde on behalf of the people this afternoon made formal application for an order calling upon the justices-elect to appear in supreme court and show cause why they should take office December 4, as they proclaimed their intention of doing.

The application was heard by a special supreme court commission consisting of Associate Justices Christianson and Bruce and District Judges Hanley, Nuessle and Pollock. At present time it had not been determined whether the order would issue. If an order is issued, Robinson, Grace and Birdzell, against whom it will be directed, will be required to appear before the special supreme court and maintain their stand that the constitution requires that justices shall serve from the first Monday in December following their election.

Attorney General Linde freely volunteered all information in his possession. He is not, the attorney general stated, acting for either faction in the present controversy, but is taking steps to insure North Dakota a legally constituted court for the month of December. Whether that court shall have as its members, Grace, Robinson and Birdzell or Fisk, Burke and Goss remains for the supreme court to decide.

WSPAN-11 WOMAN TELLS WHY SHE SHOT

"He Called Me a Red-Light Woman," Miss Edythe Colby Told Jury in Trial This Afternoon
WITH THAT STATEMENT SHE BURST INTO SOBS

Thompson Falls, Mont., Dec. 2 (The Associated Press).—This was the reason given by Miss Edythe Colby this afternoon to the jury why she shot and killed Republican County Chairman Thomas last September. Then she burst into sobs.

Testimony that Miss Edythe Colby, a newspaper reporter on trial here for murder for killing A. C. Thomas, a prominent politician, last September, attempted to have Thomas arrested for insulting her, and further testimony to establish that Miss Colby was of unsound mind was introduced by the defense today.

The testimony that Miss Colby had sought Thomas' arrest was given by William Strom, clerk of the court here at the last witness of the day.

Nearly Fainted in my office before the shooting," Strom said, "and nearly fainted in a chair. She wanted to see Wade Parks, the prosecuting attorney, and told me that she had many troubles."

The next morning, Strom said, about half an hour before Miss Colby shot Thomas, she called Prosecutor Parks on the telephone. Strom answered the telephone and told her that Parks was out of town. Strom said that he had conversed with Parks about the possibility that Miss Colby was a detective.

NATCO TILE IN DEMAND

Elliott of Dickinson Returns From Pittsburgh With Preliminary Order for 400 Carloads.
(Special to The Tribune.)
Dickinson, N. D., Dec. 2. W. J. Elliott, manager of the North Dakota Pressed Brick company closed a deal this week with the National Fire Proofing company of Pittsburgh for 400 carloads of building tile to be delivered at various points in the United States within the next eight months. This is believed to be just a preliminary order which will be followed by a standing arrangement.

The high quality of the Dickinson tile and brick has focused the attention of the building world upon this state.

Safety First Plea Goes to Speed Friends

Northern Pacific Circulars To Be Mailed to 60,000 Automobile Owners
997 PROPOSED CLOSINGS IN 1915

Railroad Company Emphasizes Necessity of Care on Part of Motorists

A safety first plea will accompany North Dakota license tags to each of the state's 60,000 automobile-owners in 1919.

"A Word of Caution to Motorists," is the title of a particularly timely circular just issued by the Northern Pacific bureau of efficiency. The warning sinks home, in view of a series of disastrous automobile-train collisions within the past six weeks.

The circular advises caution in approaching grade crossings, and calls attention to the fact that in 1914, 1,147 persons were killed and 2,935 injured at grade crossings. In 1915, 997 persons lost their lives and 2,898 were injured. "The reduction in casualties in 1915, as compared with the previous year, is due to warning notices posted by railway companies and automobile clubs," says the Northern Pacific.

"Trains have no choice of routes," reads the circular. "They must run on the rails, and their patrons require that they be on time if possible. Motor car drivers can choose their own routes, and the occupants of machines usually are not pressed for time."

Speed of Cars or Trucks

An interesting table showing the speed of trains or cars moving from five miles an hour to 100 miles, as counted in seconds, is a feature of the circular. It shows that a train or car moving five miles an hour travels 7.2 feet per second; at 30 miles an hour, 44 feet per second; and at 100 miles an hour, 146 feet per second.

Trains moving 25 to 40 miles an hour can under ordinary conditions stop within 1,200 feet, while motor cars running at the same speed can be stopped in about thirty feet. The train often weighs as much as 2,000 tons, while the automobile's weight rarely exceeds two tons.

To Enclose Circulars

North Dakota license tags are wrapped and sealed at the factory. F. M. Metcalfe, first vice president and special representative of the Northern Pacific, asks that one of these circulars be enclosed with each tag, and this will be done if arrangements can be made with the manufacturer. If not, they will be inserted here.

COURIER-NEWS SOLD AGAIN

Marsh & Pintress Believed to Have Cleaned Up \$10,000 More Than Price Paid a Month Ago.
(Special to The Tribune.)
Fargo, N. D., Dec. 2. A. Westernhagen, former business manager of the Courier-News, and Dr. L. T. Guild, former managing editor, today filed suit against the company for the sum of \$37,000, which they allege is due them. The preliminary foreclosure is against The Courier-News company and Marsh & Pintress, the late owners. The papers were served this afternoon under the terms of the mortgage.

(Special to The Tribune.)
Fargo, N. D., Dec. 2. Details of the Non-partisan league's purchase of The Courier-News, which was officially announced yesterday afternoon, have not definitely been made public. It is understood, however, that Marsh & Pintress, who purchased the plant just three weeks ago from Dr. L. T. Guild, cleaned up \$10,000 over the price they paid Guild. According to announcement made this morning by Marsh, the plant was sold through fear the Non-partisans would publish a paper.

The new owners have declared for a straight newspaper proposition and given over to the furtherance of political propaganda.

Herbert Gaston, editor of the Non-partisan Leader, will edit The Courier-News. There will be no change in the name.

The paper will continue on its present schedule, publishing six days in the week.

EASY ON PLUMBERS.
Des Moines, Ia., Dec. 2. Declaring that the men before him were in no sense any more criminal than "you or I," Judge Phillips dismissed 30 plumbers found guilty of fixing prices in violation of the Sherman law. The judge declared what was needed was a regulatory law. The plumbers were fined a nominal sum.

AVENUES OF RETREAT FOR VILLA CUT OFF

Carranza Forces Relieve That They Will Be Able to Trap Bandit Chief

WASHINGTON CONSIDERS AN EMBARGO ON ARMS

New Constitution Outlined to Mexico's first Liberal Congress

El Paso, Texas, Dec. 2. The situation of the Carranza government in northern Mexico is desperate, following the capture of Chihuahua City by Villa.

"If he does," said General Gonzalez, "we will be able to bring up from three sides heavy forces and crush the bandit army."

Indications are that Villa is preparing to move. All channels of escape are reported cut off by Carranza troops.

At Queretaro, Carranza outlined to 255 delegates to Mexico's first liberal congress, the terms of Mexico's new constitution. The proposed constitution adheres closely to the famous Declaration of Juarez.

Villa bandits were reported loading two trains with loot from the stores and private residences of Chihuahua City and preparing to follow these trains west on the Mexican Northwestern railroad, according to a message received at military headquarters tonight from General Ozuna's scouts at Sauz.

General Ozuna's cavalry column was at Culity, the first station south of the state capital, the report said. The scouts obtained their information from refugees reaching Culity and Sauz from Chihuahua City.

This news was taken at headquarters to indicate the intention of Villa to evacuate the city after looting it, as he did at Parral, Santa Rosalia and Jimenez.

General Trevino was said by General Gonzalez to have been in Torcasitas yesterday awaiting the arrival of General Francisco Murguía's forces from the direction of Camargo, south of Chihuahua City.

Villa made a speech against foreigners in Hidalgo plaza, following his occupation of the city, a Chinese farmer and merchant who left Chihuahua City Wednesday morning, said upon his arrival here today on a troop train.

EMBARGO PLANNED.
Washington, Dec. 2.—An American embargo on shipments of arms across the border promises to be a live issue between this government and Mexico. Carranza's advisers are displeased at the United States regulation. They claim that the lack of ammunition cost them Chihuahua City. Americans claim they had plenty of ammunition, which Villa's men took away from them. Ambassador Arredondo called the attention of Secretary Lansing to the situation. It is assumed that ammunition is not going to fall into the hands of Villa free shipments will be made.

DIVISION OF INSURANCE FUND TO BE OPPOSED

Friends of Volunteer Fire Departments Claim It Would Cripple Service

COMPANIES FIGHT IF THEY SHOULD HAVE PROTECTION

Volunteer firemen of North Dakota are preparing to fight an effort which is rumored will be made in the Fifteenth legislative assembly to divert to the general fund of the state the two per cent premium upon fire insurance policies which heretofore has gone to the support of the fire departments.

In 1915 there was derived from this source \$27,162.11, which was distributed among the organized fire departments in the territories originating the business. In many instances, this fund is the sole support of small, volunteer fire departments. Ordinarily these small departments are located in "ranch" towns most liable to loss from fire and least able to contribute liberally to the support of an organized fire department. The firemen contend that if this important source of support is cut off, many of these towns will be deprived entirely of the protection of an organized department and will be left at the mercy of the flames.

Retains Living Fund.
Those who favor diverting this premium revenue to the general fund of the state argue that the money distributed to the fire departments is used up in riotous living. The brown argumentously deny this allegation, and assert that in most instances these funds are applied to the purchase of equipment, and that in some cases it has afforded the sole means of procuring fire-fighting apparatus.

In Marmarth, for instance, a town of about 500, not a penny of this premium fund has been touched for years. Now that Marmarth has extended its water mains, the department expects to apply the fund to the purchase of a motor truck, placing Marmarth in the same class with Fargo, Grand Forks, Minot and Bismarck, so far as ability to combat fires in a modern manner is concerned.

The village of Sarghorn has bought every bit of its fire-fighting apparatus it possesses through the medium of this two per cent premium tax.

Insurance Companies Object
Fire insurance companies operating in North Dakota object to the diversion of the fund on the grounds that they are paying this tax of two per cent upon every premium written for protection, a sort of insurance of their own intended to make their chances

GREECE GAINS TIME THROUGH AN ARMISTICE

King Constantine Signs Documents to Ease Pressure Caused by Allies' Demands

FOUR MOUNTAIN BATTALIONS DELIVERED TO ENEMY

Situation in Hellenic Kingdom Growing More Critical Daily

London, Dec. 2. An armistice has been effected between the forces of the Entente powers and the Greek reserves at Athens. A Reuter dispatch says that King Constantine has agreed to deliver over six mountain batteries to the Allies.

Land Troops.
Admiral Du Fournet, commander of the Entente fleet in the Mediterranean, is reported to have landed troops at Piraeus, the port of Athens. Aside from a report that Greek troops are being sent toward Athens from the north of Greece, there are no indications as to what measures the Greek government has taken to comply with or oppose Admiral Du Fournet's demands for the turning over of Greece's guns and ammunition.

The Evening Star has an Athens dispatch, filed at 7:45 o'clock Friday evening, stating that the armistice between Greece and the allied troops has failed and that the battle on the hills south of Athens was renewed with an artillery attack by the Franco-British forces.

AUTO THIEF ARRESTED IN JAMESTOWN AFTER SHOTS ARE EXCHANGED

John Murray Accompanied by His Wife Apprehended She Makes Getaway

(Special to The Tribune.)
Jamestown, N. D., Dec. 2. John Murray, claiming St. Paul as his home, was arrested here last night, charged with the theft of an auto in Minneapolis, recently. Murray was arrested after a desperate fight with officers, several shots being fired by the latter.

He was accompanied by his wife, formerly a Jamestown girl. When her husband was apprehended, Mrs. Murray made her getaway to St. Paul. Two tickets to St. Paul were found on Murray. He claimed he intended to leave at once for that city with his wife. An unopened box of 32 shells was also found on his person, but he had disposed of his revolver when pursued by the officers.

Detective from the Twin Cities are expected today to identify the man and take him back.

Stork Halls Penitentiary Commitment

Baby Born at Home of William F. Kittel in Casselton Yesterday

THAT EXPLAINS WHY JUDGE AMIDON DELAYS SENTENCE

Federal Court Judge Announces That Sentence Will Be Passed on December 22

(Special to The Tribune.)

Fargo, N. D., Dec. 2. That the hand which once juggled the funds of the patrons might help in plotting the journey of the stork to safety and grasp the hand of the mother was learned today as the reason for the delay in Judge Charles F. Amidon of the federal court here, in not passing sentence on William F. Kittel, former cashier of the First National bank at Casselton, which failed just a year ago.

Brother on Way to Leavenworth.
While the stork was hovering over the residence of W. F. Kittel in Casselton, it probably passed in its flight the train bearing the brother defendant, Richard C. Kittel, who was sentenced this week to serve seven and a half years in the federal prison at Leavenworth.

In the little home which will soon be fatherless this coming Christmas probably for the first time a child was born yesterday. The child is that of William F. Kittel, who doubtless will be on his way to the same prison as his brother defendant before this glad Yuletide. Judge Charles F. Amidon announced today that sentence would be passed on December 22.

Explains Court's Delay.
This pathetic feature of the former banker's case was brought to light this morning in explanation of the court's delay in sentencing the younger brother. The people of Fargo and the people of the northwest wondered the reason why. In Casselton it was whispered from mouth to mouth that the stork was hovering near.

The little child may not know the father for five or seven years. Just how long she will be without her "daddy" depends upon the judge. But the father will carry on his trip a vivid picture of his child. It will last until the banker is discharged or until the little child is old enough to visit the prison.

May Go into Bankruptcy.
The Kittel brothers, it was announced today, shortly will go into bankruptcy, papers to this effect having been prepared.

WOULD ALLOW TRADE IN EXPORTS

Washington, Dec. 2. Legislation to permit exporters to combine to obtain export trade is urgently recommended by the Federal Trade commission in an exhaustive annual report of the federal trade situation. The report says this would greatly benefit manufacturers. Investigation covering months carried on by the aid of United States consuls was world wide in its scope. Other nations have marked advantage in foreign trade and superior facilities, owing to effective organizations.

Legal restrictions prevent Americans from developing an equally effective organization for overseas business. The trade of American manufacturers and producers suffer.

NO HOOF AND MOUTH DISEASE CHIEF OF BUREAU WIRES CREWE

There is no hoof and mouth disease epidemic, A. D. Melvin, chief of the bureau of animal husbandry, wires Dr. W. F. Crews from Washington, D. C. The secretary of the North Dakota live stock sanitary board today received the following message from Melvin:

"Present indications are strong that the disease is infectious stomatitis of horses, which has extended to cattle, and not foot and mouth disease. The department has issued no quarantine, although local authorities have quarantined locally. The department probably will issue an announcement tomorrow."

None in North Dakota.
"There has been no outbreak of the epidemic in North Dakota to date," said Dr. Crews this afternoon. "Cases have been reported near Pierre. In range stock stomatitis is hard to handle, but it yields to treatment, and is not dangerous."

MAY LOCATE IN BISMARCK.
H. B. Thyson, formerly in the banking business at Kintyre, N. D., who recently disposed of his interests in that village, is pending the week in Bismarck "looking around." Thyson stated Wednesday evening that he is looking with favor upon Bismarck as a point at which to locate.

LLOYD GEORGE PACKING UP TO LEAVE OFFICE

Evening News of London Prints Startling Rumors of General Shake-up

RUMANIAN LINE BROKEN SOUTH OF PIETRI

Defenders of Bucharest Are Being Slowly Driven Back by Teutonic Pressure

TODAY'S WAR MOVES.

IN RUMANIA. Petrograd claims the repulse of the Teuton army advancing toward Bucharest from the south. It is admitted that the defenders to the west of the capital have been forced back to the Argeas river. Berlin reports continued advance on all sides with a big battle progressing south of Bucharest. The rout of the first Rumanian army is claimed, with big losses in prisoners and supplies. Along the front of the Russian offensive in Transylvania, the Teutons report progress. On this same front Vienna reports bloody fighting and the repulse of the enemy in Dobrudja. Petrograd claims the capture of the western part of the Cernavoda bridge and the forcing back of the Teutonic lines elsewhere along this front.

IN WEST THE British and French front in the west without incident of importance. General Haig reported only minor trench raids and artillery fighting.

MACEDONIAN FRONT Paris recounted Serbian repulse of violent enemy attacks. Berlin claimed attempted advance by allied forces under General Sarail without success.

GREECE Contradictory dispatches as to whether Greece has acquiesced in Allies' demands for surrender of arms. London special dispatch states an armistice has been declared, whereby Greece partially agreed to the disarmament and another that the armistice terminated and violent fighting was in progress about the city.

London, Dec. 2. The London Evening News prints that Lloyd George, war secretary, is packing up his belongings, preparatory to leaving office. Several of the London newspapers assert that the coalition cabinet faces a crisis and likely dissolution. The newspapers say that the cabinet is too cumbersome to expedite plans for the conduct of the war. Only recently these same newspapers opposed Asquith.

Berlin dispatches state that the fighting between the Teutonic and the Russian and Rumanian forces in the Carpathians along the Transylvania line is still progressing with heavy enemy losses. On Mackensen's front a big battle developed.

The first Rumanian line south of Pietri was broken through and defeated. Since yesterday the Germans took 51 officers and 5,115 men prisoners of all ranks. Forty-nine cannon and 100 ammunition carts and 100 military vehicles were captured.

Petrograd Admits Defeat.
Petrograd dispatches admitted that the Rumanians defending Bucharest were pushed back, after persistent attacks, to the River Argeas. In the Dobrudja region the enemy was compelled to retire from one or two heights.

On the west front the Teutons captured several Italian ammunition depots in the vicinity of Udine.

The Entente allies' advance near Monastir, was retarded today. The strong Dobrudja attack also failed.

Petrograd, Dec. 2. Cioient combats are marking the progress of the Russian offensive in the wooded Carpathians and along the Transylvania frontier. The battle for domination of the Kirilababa heights is continuing.

WELSH MINERS GET INCREASE
London, Dec. 2. The government has granted the demands of the South Wales miners for a 15 per cent increase in wages. The mines are controlled by a government commission.

GERMAN PAPERS ARE JUSTIFIED
London, Dec. 2. The changes in the British admiralty have been greeted with jubilation by the German newspapers, according to an Amsterdam dispatch to Reuters. The Cologne Lokal Anzeiger declares that Admiral Jellicoe's removal from the fleet is degradation for losing the battle of Jutland, and that the navy is shown by the fact that German ships attacked the east coast of England and never saw anything of British ships.

RODILY HOUSEKEEPING

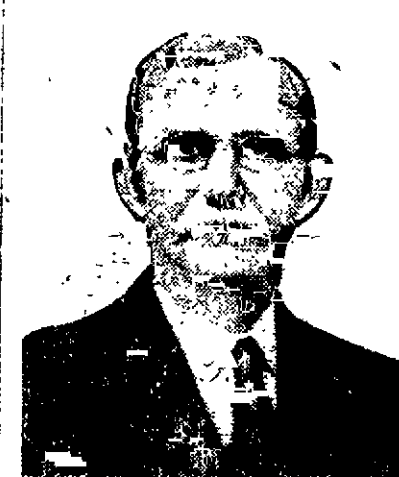

(By Samuel Hamilton, M. D.)

The subject of drinking water with meals has been misunderstood. In recent years investigation by means of X-rays, the observations of scientists such as Cannon, Grutze, Pavlov, Fowler, Hawk, prove that an abundance of water taken during digestion is necessary in good bodily housekeeping. To drink a pint of hot water before meals is good practice, and those suffering from a catarrhal condition of the stomach will find benefit in adding about 10 grains (one-sixth of a level teaspoonful) of baking-soda, drinking it an hour before each meal. Those who are inclined to hyperacidity should drink slowly a pint of medium cold water, two hours after meals.

If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take a little Anuric before meals. This can be found at any good drug store, and was first discovered by Dr. Pierce of the Surgical Institute, in Buffalo, N. Y.

When run-down, when life indoors has brought about a stagnant condition in the circulation, most everyone is filled with uric acid, especially in this sort of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints and high blood-pressure, are also often noticed. Everyone should drink plenty of pure water and exercise in the open air as much as possible. I have found that Anuric is an antidote for this uric acid poison and that it will dissolve the accumulation of uric acid in the body much as hot water dissolves sugar.

A booklet of special interest to those who suffer from etc. such trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

Fruitola and Traxo Brought Relief After Doctor Said Nothing But Operation Would Help.

In the opinion of Mr. W. C. Dillehay, 513 Morton St., Nashville, Tenn., Fruitola and Traxo is the only successful remedy for gall stone trouble. In a letter to the Pinus Laboratories, Mr. Dillehay says: "After a leading Nashville physician had failed to relieve my wife, and we were told an operation was necessary, I heard of Fruitola and Traxo and we decided to at least give it a trial. I gave her this medicine as directed and after four doses she was relieved of nearly a quart of gall stones, conclusive evidence that an operation was by no means necessary."

Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus Laboratories in Monticello, Illinois, at Cowan's Drug Store, 206 Fourth street; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste, to the sufferer's intense relief. One dose is usually effective to rebuild the weakened, clogged-down system.

ADAMSON AUTO ON CROSSING

Ford Belonging to J. A. Dawson, Grocer, Stolen From Front of Bismarck Theater Last Evening.

While J. A. Dawson, a grocer on Sixth street, was enjoying the thrills of the motion picture bill at the Bismarck theater last evening, somebody was enjoying the thrills that go with stealing a car.

Dawson left his Ford in front of the theater. The night was moonlight and the weather was great for a joyride. All that was lacking was a car. Dawson's machine was appropriated.

It was discovered this morning abandoned on the crossing this side of the Missouri bridge.

Is attempting to make the grade there evidently was not enough gas so it was left on the crossing.

A train jumped it, smashing the rear portion and breaking one of the rear wheels, well, practically demolishing the Ford.

Two John Doe warrants were sworn to this morning by Dawson in Judge Dolan's court.

87,630 14,000 GHOST FRAZIER FOR GOVERNOR

Lynn J. Frazier is the choice of 87,638 North Dakotans for governor, a tabulation made from returns of the official county canvassing boards, as reported to the secretary of state, shows. Frazier's Democratic opponent, MacArthur, received 20,234 votes, and Johnson, the Socialist, 2,612. The total vote on the governorship was 110,486.

For United States senator, the official returns give McComber 57,714; Burke, 41,078, and Fry, 8,382, the total being 107,174.

The vote on the presidency, totaling 114,603, is by far the largest in the history of the state. On official returns, Wilson gets 55,271; Hughes, 52,651; Benson, 5,634, and Hanly, 997.

On the judiciary non-partisan ballot for the supreme court, the results were as follows: Birdzell, 60,603; Burke, 43,955; Fisk, 44,543; Grace, 56,303; Robinson, 62,284; Spalding, 33,293.

In the congressional contests, the candidates ran: First, Helgeson with 21,314; Bangs, 18,744; Gray, 668. Second: Young, 21,622; McDonald, 7,730; Olson, 1,104; third: Norton, 20,395; Simon, 8,233; Klemons, 2,766.

The official returns show no change in Stoen's majority of 200 as last announced.

DOLAN BEST FRIEND OF THIS DRUNK; DEFENDANT SAYS SO

Tom Freese Up for Being Drunk
Tells Court He's Going to
Vote for Him Again

Tom Freese, driver of a coal wagon, "fired" with Judge Dolan in police court this morning. For once the judge didn't return the wrinkle. "I always considered Judge Dolan my best friend and if he is ever a candidate for reelection I'm going to vote for him again."

Freese was up on a charge of being drunk. He said he "got it" on the south side, but refused to tell the court or the city attorney where.

"Anyway, you can buy it right here in Bismarck, but I'm going to see an attorney first before I tell you where. All Walker's men know it is sold all over town," declared the defendant.

Freese was insistent that drunks could be scooped up on the south side yesterday, but that he was the "goat of the bunch."

He said to get by the number that were drunk yesterday was like getting seats for a burlesque show.

IS HELD ON STATUTORY CHARGE

Frank Johnson, a garage man at Regan, was arrested by Deputy Sheriff Welch at Regan last evening to answer to a statutory offense preferred by a school teacher, said to be about 23 years old. He was committed to the city jail last evening at his own request, rather than demand an arraignment until today, when it is expected that his friends will appear. The case comes up before Judge Dolan at 2 o'clock this afternoon.

ANOTHER WINNING PROGRAM

Another high class program, which will vie with the one offered at the Auditorium last Tuesday evening, pronounced the best of the season, is the offering for this coming Tuesday, according to announcement made this afternoon by E. H. L. Vesperman, the manager.

Jack and Vera are coming in an eight-minute bill. They have the reputation of being one of the best leaping and jumping teams on the vaudeville circuits. Talford and Bees will appear in a 12-minute act, entitled, "Two Kids." They are just bubbling with wit and humor and are going to spill it right and left on the audience.

Dixler and Fox have a ten-minute eccentric street musician act. Robert and Robert have a popular sketch, entitled "A True Friend," which is certain to please. The Clipper Trio has a 12-minute offering of bits of fun and song. The last act, that of Zeno, Jordan and Zeno, consists of sensational flying trapeze work.

BODILY HOUSEKEEPING

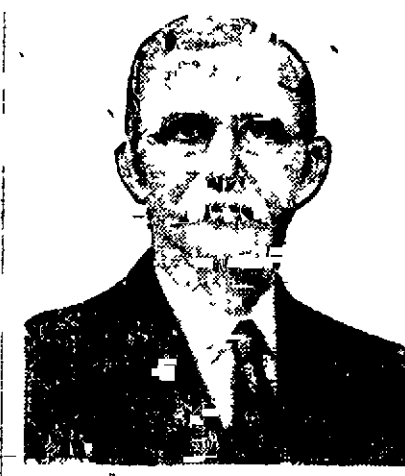

(By Samuel Hamilton, M. D.)

The subject of drinking water with meals has been misunderstood. In recent years investigation by means of X-rays, the observations of scientists such as Cannon, Grutizer, Pavlov, Fowler, Hawk, prove that an abundance of water taken during digestion is necessary in good bodily housekeeping. To drink a pint of hot water before meals is good practice, and those suffering from a catarrhal condition of the stomach will find benefit in adding about 10 grams (one-sixth of a level teaspoonful) of baking soda, drinking it an hour before each meal. Those who are inclined to hyperacidity should drink slowly a pint of medium cold water, two hours after meals.

If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take a little Anuric before meals. This can be found at any good drug store, and was first discovered by Dr. Pierce of the Surgical Institute, in Buffalo, N. Y.

When run-down, when life indoors has brought about a stagnant condition in the circulation most everyone is filled with uric acid, especially in this so-called middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints and high blood-pressure, are also often noticed. Everyone should drink plenty of pure water and exercise in the open air as much as possible. I have found that Anuric is an antidote for this uric acid poison and that it will dissolve the accumulation of uric acid in the body much as hot water dissolves sugar.

Only Successful Remedy for Treating Gall Stones

One dose is usually effective to rebuild the weakened, run-down system.

FRUITOLA AND TRAXO BROUGHT RELIEF

After Doctor Said Nothing But Operation Would Help.

In the opinion of Mr. W. C. Dillehay, 513 Morton St., Nashville, Tenn., Fruitola and Traxo is the only successful remedy for gall stone trouble. In a letter to the Pinus Laboratories, Mr. Dillehay says: "After a leading Nashville physician had failed to relieve my wife, and we were told an operation was necessary, I heard of Fruitola and Traxo and we decided to at least give it a trial. I gave her this medicine as directed and after four doses she was relieved of nearly a quart of gall stones, conclusive evidence that an operation was by no means necessary."

Fruitola and Traxo are compounded from the original Edeall formulas at the Pinus Laboratories in Monticello, Ill., and can be purchased in Bismarck at Cowan's Drug Store, 206 Fourth street. A doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste, to the sufferer's intense relief. One dose is usually effective to rebuild the weakened, run-down system.

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

ABANDON AUTO ON CROSSING

Ford Belonging to J. A. Dawson, Grocer, Stolen From Front of Bismarck Theater Last Evening.

While J. A. Dawson a grocer on Sixth street, was enjoying the thrills of the motion picture bill at the Bismarck theater last evening, somebody was enjoying the thrills that go with stealing a car.

Dawson left his Ford in front of the theater. The night was moonlight and the weather was great for a joyride. All that was lacking was a car. Dawson's machine was appropriated. It was discovered this morning abandoned on the crossing this side of the Missouri bridge.

Is attempting to make the grade there evidently was not enough gas so it was left on the crossing.

A train bumped it, smashing the rear portion and breaking one of the rear wheels, well, practically demolishing the Ford.

Two John Doe warrants were sworn to this morning by Dawson in Judge Dolan's court.

ACTION TO DETERMINE THE TERMS

Attorney General Linde has brought action to determine just who is the supreme court after next Monday. Several district judges have been called in to hear the application for a determination of just when the new candidates can take their seats.

POLICE HOLD THREE YOUTHS AS SUSPECTS

Cleveland, O., Dec. 2. The police today hold three pink-cheeked youths and a bullet riddled driver, claiming that they are the three bandits who terrorized Cleveland in a series of raids which resulted in two deaths this week.

STATE RESTS IN THE M'DANIELS MURDER TRIAL

St. Joseph, Mo., Dec. 2. The state rested this afternoon in the McDaniel murder trial. The defense is expected to start the rebuttal late this afternoon.

IMPEACHED TO TAKE UP OF PRESIDENT

Philadelphia, Dec. 2. The crazed man who was seen flashing a long butcher knife and threatening to kill President Wilson when he passed through here this afternoon, was arrested late in the day at the Reading terminal station.

"TOO MUCH SPEEDING"---CHIEF

"Too much speeding is going on in Bismarck," declared Chief of Police Downing this morning. Whether it's the weather or the paving that tempts the driver to open the gas, the chief was unable to say.

He did state that arrests are going to follow if the drivers do not obey

the city ordinance and keep within the eight-mile limit in the city.

This warning the chief gave out through complaints which have been made to his office, especially within the last two weeks.

ARGUMENTS BEING HEARD.

The case of the property owners of the Second district against the city commission and the Ford Paving company is being argued to its close before Judge Nussle in the district court this afternoon. It was expected that the arguments would be completed late today. The hearing was continued from last Saturday afternoon.

TO GIVE CAMPAIGN

MANAGERS DINNER
Washington, Dec. 2. President Wilson will give Vance McCormick, his campaign manager and members of the so-called Progressive Wilson club a dinner, December 7.

COMMISSIONERS MEET TUESDAY.

The county commissioners of Burleigh county will go into session at the court house next Tuesday, according to announcement made by Auditor Flaherty this morning.

THOSE who have sat spellbound at the sweet simplicity of its prelude, the grim horror of its warfare and the mighty lesson of its climax, have unequivocally pronounced "CIVILIZATION" the most remarkable gem the stage has ever known.

Memorial by R. P. O. F. Tomorrow

"Their faults we write upon the sand; their virtues upon the tablets of love and memory."

Such is the keynote of the Elks' annual memorial service, which will be held in the Auditorium tomorrow afternoon, commencing at 2 o'clock.

Following its usual custom, the Bismarck lodge of Elks No. 1199 extend an invitation to the public to attend this service in honor of its absent brothers, Marshall H. Jewell, William F. Cochrane and A. W. Eppinger, who "softly and sweetly sleep low in the ground."

Judge Andrew A. Bruce of the North Dakota supreme bench will deliver the address of the day. His subject will be most fitting for the occasion.

The Elks' band will play an overture while the audience is gathering, which will be followed by the opening ceremony by the lodge. Rev. Father Hill of the Catholic church will give the benediction.

The order of the service as announced this afternoon is as follows:
Order of Services.
Overture Elks' Band.
Opening Ceremony, The Lodge.
Hymn "Sleep Thy Last Sleep" J.

A. Parks. Bismarck Male Quartet.
Prayer Dr. W. J. Hutcheson.
Vocal Solo "Somewhere a Voice is Calling" Mrs. H. H. Steele; Miss Helen Fisk, accompanist.
Address Judge Andrew A. Bruce, North Dakota Supreme court.
Piano Solo "Charity" Miss Helen Fisk; arranged by William Polla.
Closing Ceremony The Lodge.
Hymn "Lead Kindly Light" Dudley Buck. Bismarck Male Quartet.
Benediction Rev. Father Hiltner.
Music Elks' Band.

SEES REAL HIGH COST IN SPRING

Lansing, Mich., Dec. 2. Food cost skyrocketing has just started, says State Dairy and Food Commissioner Helme of Michigan. Just watch, next spring food will be so high people can't afford to keep any stock. Hens won't lay now and it costs too much to keep them over winter. He predicts few hens and few eggs next spring.

BANG WENT HIS SOUP AND FISH.
Belle Fourche, S. D., Dec. 2. Tim Zorbas cleaned grease spots from his breeches with nitric and sulphuric acid, went into a warm ball room with them and exploded. Tim by the combination, had made gun cotton.

LISTEN TO THIS! Read Insurance Talk No. 14

Some men look the matter squarely in the face and provide life insurance for their dependents before it is too late.

Others "put it off" and pass the problems of life to unsuspecting women and children to solve. The alms houses and orphanages offer concrete evidence of man's procrastination.

If you are under the impression that life insurance is beyond your present means, let us send a sample policy outlining all the benefits we offer together with the low rates and the payment plan that makes every man's duty so easy to perform.

Andrew Carnegie Said -

"Thrift is mainly at the bottom of all improvements. Without it no railroads, no canals, no ships, no telegraphs, no churches, no universities, no schools, no newspapers, nothing great or costly could we have. Man must exercise thrift and save before he can produce anything material of great value."
